

ALUMNIJADA

2023

ALUMNIJADA 2023. is a networking event that for the 3rd year in a row brings together highly educated experts from the fields of informatics, computing, electrical engineering, construction, mechatronics and mechanical engineering from the Zagreb University of Applied Sciences as well as other guests with the aim of strengthening the exchange of information related to the profession and technology and connecting with potential future employers.

This year we are expanding partnership with other colleges in the region.

ALUMNIJADA 2023

Last year, it gathered over 250 guests and 24 companies that had the opportunity to introduce themselves and connect with the guests in an informal way at the event itself.

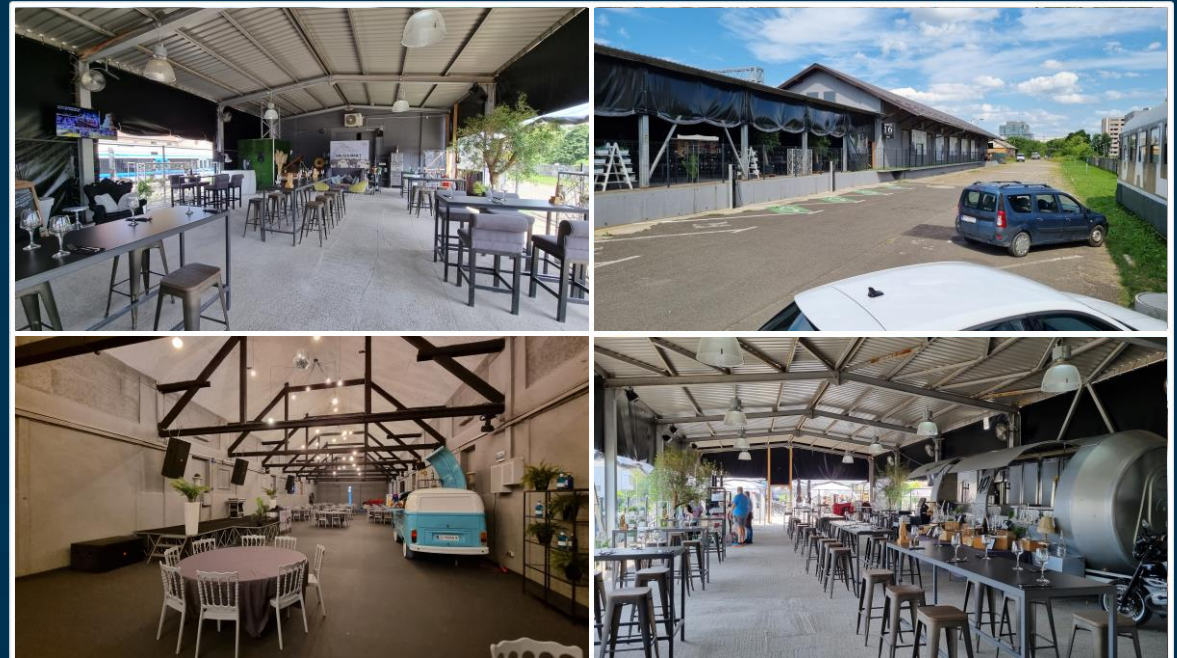

ALUMNIJADA 2023

This year's Alumnijada changes its location and raises the event to a higher level:

- More than 1000m² of covered space for networking
- Over 700 guests from Croatia and the region
- 120+ parking spaces
- 25+ sponsors
- Food and drinks for guests and sponsors

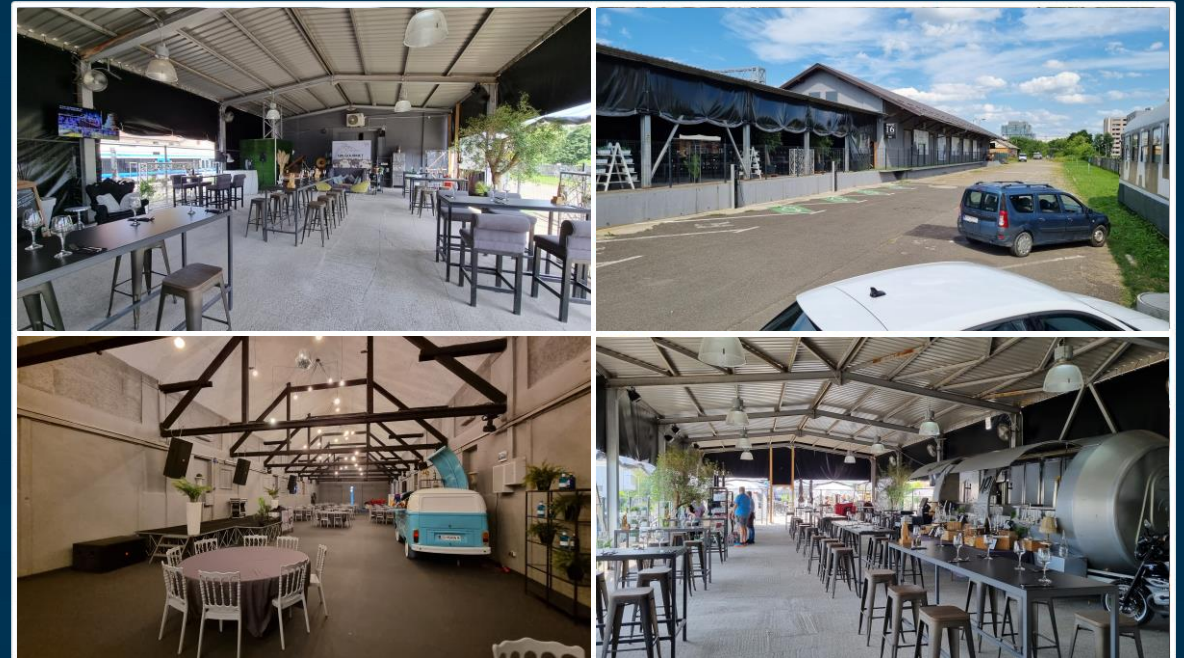

*At the event there will only be high tables of sponsors

ALUMNIJADA 2023

3 main focuses of this year's Alumnijada event:

- presentation of the company and open positions with the aim of employment
- presentation of the company itself and raising awareness of the company's products
- company presentation and opening of new potential collaborations (B2B)

ALUMNIJADA 2023

Who are the sponsors of the Alumnijada event?

- Domestic and foreign companies from the fields of IT, construction, electrical engineering and mechanical engineering
- Companies that are in other branches but need their own development in IT
- All companies that need highly educated engineers from various fields
